S I R:

Applicant and his counsel have carefully reviewed the Office Action dated May 17, 2006, but believe the claims in their present form are patentable over the teachings of the references relied upon by the Examiner. Reconsideration of the application in view of the following arguments in support of patentability is therefore respectfully requested.

REMARKS

In the Office Action dated May 17, 2006, claims 1, 4-6 and 8-10 were rejected under 35 U.S.C. §102(b) as being anticipated by Wang et al. This rejection is respectfully traversed for the following reasons. Each of independent claims 1 and 8 claims, among other things, a fabric garment having a pocket therein, with a microphone removably contained in the pocket of the garment. Moreover, Each of claims 1 and 8 states that the garment is either a fabric surgical mask or a fabric neckband.
